## MOLASSES STORAGE TANK

Molasses is a thick, dark brown liquid obtained from raw sugar during the refining process and is used as a vital ingredient in animal feed. Molasses often has a Specific gravity of 1.45. This means that 1.4 kg of molasses is 1 litre of tank capacity. This can vary and we recommend consulting your molasses supplier before deciding on the size of your tank. Molasses storage tanks are ideal for commercial and agricultural use and are used in a various type of industries. For instance, Cattle Feed Industry, Sugar Industry, Liquor industry etc.

Gyan Dairy (Sp Labs) Lucknow
